

## Harply Raps Political Use of Generals'

Charlottesville, Va., May 17 — (AP) — Gen. Douglas MacArthur (R-Mo.) said today in testimony in the Washington House of Representatives that he had no political views and that he was not a member of any political party.

MacArthur, who is the chief of the United States Military Academy at West Point, N. Y., said he had no political views and that he was not a member of any political party.

**PLANE MAKES TRACKS**—This caterpillar track landing gear for a light plane was developed by Count Giovanni Bonmartini in Rome, Italy. He says the tracks enable the plane to land on any type of ground, with or without regular landing facilities. (AP Photo by Staff Photographer Albert Blaszko.)

## Win \$25.00 in the Hope Star's 'The Thing' Contest

For the best description of the mysterious substance on display in the Saenger Theater for the motion picture "The Thing" the Hope Star will pay \$25.00.

I would describe the substance displayed in the box in the Saenger Theatre as:

My Name \_\_\_\_\_

Address \_\_\_\_\_

Today's Clue . . . "Fire Can Destroy It."

Contest closes midnight Tuesday, May 22, 1951. Employees and families of Hope Star and Malco Theatres not eligible.

Mail or bring your entry to contest editor, Hope Star.

State Police Raid Hot Springs Clubs

Hot Springs, May 17 — (AP) — Six persons were arrested on gambling charges when state police raided the Moose club here last night. The six tentatively were to have hearings in municipal court today.

O. C. Houpt was docketed on a charge of operating a gambling house, and Jim Gilliland on a charge of unauthorized sale of a colloid beverage. Each was released on \$500 bond. Four other persons were charged with gambling.

The state police reported they seized eight illegal slot machines.

Arkansas Electric Cooperative Corporation for a \$10,000,000 power generation and distribution project.

Moore said the new power plant, site of which hasn't been decided, should be in operation by 1955. Total production capacity would be 470,000 kilowatts.

He emphasized the company plans to build a hydroelectric plant at the mouth of the Arkansas river, where the river flows into the Gulf of Mexico.

He said the company also plans to build a hydroelectric plant at the mouth of the Arkansas river, where the river flows into the Gulf of Mexico.

## Escopée Fails to Make Good His Boast

Monticello, May 17 — (AP) — An escaped convict who had boasted he wouldn't be taken alive was recaptured without resistance near here yesterday afternoon, some six hours after he fled from Cummins Prison farm. He still has armed with two pistols he'd stolen from the prison.

He is Robert Lee Craig, 31, serving a nine-year sentence for burglary from this (Ozark) county.

Arkansas State Trooper Harold Bell and Deputy Sheriff Pink Boudie of Jefferson county said they saw Craig run from a house and hide in a clump of weeds.

They called on him to surrender and he came out with his hands up. He had one loaded pistol on his person; another was found in the weeds.

The house was that of Craig's former father-in-law.

Before the capture, a truck Craig had stolen from the prison farm had been located on a nearby highway.

Prison Supt. Lee Henslee said Craig, who recently been made a trusty guard, stole the pistols from a room at the prison headquarters, and later robbed an unarmed warden of his truck.

Craig told the warden that "whoever jumps me will have to kill me or get killed."

## British Anxious Over Cripps

Zurich, Switzerland, May 17 — (AP) — The condition of Sir Stafford Cripps, former British chancellor of the exchequer, is causing "great and continuing anxiety."

A statement issued here yesterday by his wife said the pioneer Laborite not only is suffering from a spine ailment—as previously announced—but is being treated for an abdominal complication which Lady Cripps described as a "rare and dangerous disease."

The abdominal complication was not otherwise identified.

Sir Stafford came to Switzerland last November for treatment of spondylitis, a tubercular infection of the spine. The abdominal trouble apparently was discovered later.

Lady Cripps said X-ray treatments given at Lausanne had "helped considerably" and "it is hoped that the patient will respond to new general treatment which has now commenced."

"But owing to his state of exhaustion," the statement concluded, "his condition is bound to cause great and continuing anxiety. No further statements will be issued for the present."

Unusual Swap in State Fire Office

Little Rock, May 17 — (AP) — An unusual job swap has taken place in the state fire marshal's office.

Governor McMath said Marshal Bernard J. Reed had been reassigned to deputy marshal and Deputy Walter L. McLavey of Hot Springs had been promoted to marshal.

McMath said Reed requested his new assignment, but didn't explain why.

ALWAYS BE CAREFUL DRIVING

THE difference goes more than Skin-Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflo Drive,\* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurable from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

No other car provides all this!

## Legion Nine Meets Gurdon Tonight at 8

Tonight at Hope Legion Park at 8:00, the Hope Legionnaires will play the Gurdon Independents Baseball Club.

The Gurdon Club presented a fast team here last Sunday downing the Legion team 9 to 4. The Hope Club will be much improved for the game tonight, as Coach Bob Ellen is rounding team in shape for the opening League game here with Nashville, Friday night, May 25th.

Harold Porterfield.

The meeting was closed with the members repeating in unison the club's gardeners prayer.

A social hour followed during which the hostess served delightful refreshments to the members and one guest, Mrs. A. A. Halbert.

## Coming and Going

Mrs. T. L. McDonald of Ennis, Texas is expected to arrive today for a visit with Dr. and Mrs. L. M. Lile.

Mrs. A. E. Stonequist left today via plane to visit her sister, Mrs. Michael Sorunson, and Mr. Sorenson and her mother, Mrs. Annie Nelson, in Santa Anna, Calif.

Mr. and Mrs. H. E. Benson will have as their week-end guests, their daughter, Betty Ann, and Miss Betty Falls of Crosssett and Mr. John Edward McGee of Arkadelphia.

Mrs. R. S. Arnett, Rt. 2, Emmet.

Discharged: Miss Clarice Brown, Hope.

## DOROTHY DIX

### Strength From Weakness

Dear Miss Dix: For the last several years I have been engaged to a fine girl of quiet strength of character, who is well educated and has a good disposition. She has stood by me in illness and great financial stress, breathed new life and courage into me and cheered me up when I needed it. I lean on her and know that she is the only woman I have ever seen whom I wanted to marry. But I have been going out with my secretary who is young and pretty, and am reluctant to give her up as she arouses my protective instincts. She is small and helpless. I must make some definite decision between the two women, but am unable to do so in my present mental state, so am asking you to help me.

JUST A SELFISH MAN

Answer: Contradictory as it may seem I think that the inferior woman is the better choice for you and that her helplessness will aid you more than the efficient woman's helplessness.

Let Mary Do It

Often we have seen healthy and able-bodied men who married clever capable women sit down on the do-nothing stool and let their wives support them when they found out that Mary could do it. I am not arguing that lazy little Dumb Dora make better wives than fine, strong, intelligent Marys, but it is a truth that very often the helpless woman brings out something strong and fine in a man that the helpful woman never touches.

It is likewise true that a man no more loves the woman he leans on for support than the cripple loves his crutch. Her strength shames his weakness. Her industry and competence show up his idleness and lack of ability. Her success makes him conscious of his failure.

She gives him the feeling of inferiority. His masculine pride revolts at that, and he hates her for her very perfections. The women whom men love are those on whom they bestow favors and before whom they can pose as heroes and oracles.

There is something about the old traditional relationship between husband and wives that does not bear upsetting. So I think a man is always wise to marry a woman who brings out the best that is in his character rather than one on whom he will lean for support.

Dear Miss Dix: Does a girl at

Tonight Hope fans will see a new comer, Al Caldwell, on the mound for the Legionnaires. Caldwell, who was a regular pitcher for the Murfreesboro team last year is living in Hope now. Two youngsters just off the high school team, a left hander Reeder Huddleston and Billy Gunter, will support Caldwell in the pitching tonight.

Admission for these exhibition games is just half the regular season price, adults 25 cents and students 15 cents.

## Husband Wounds Two, Ends Life

Chicago, May 17 — (AP) — husband shot and wounded his estranged wife — a co-ed — and another man and then killed himself on the campus of Wright Junior college last night.

Two blasts fired from a .410 shotgun by Fred Sowers, Jr., 23-year-old mechanic disrupted evening classes at the college at 3160 North Austin avenue. Some 200 students left their classes and rushed to the scene.

Parts of one charge from the shotgun blast struck Mrs. Margaret Ida Sowers, 25, and her friend, Kenneth Trader, 26, a roofer. Their condition was reported not serious.

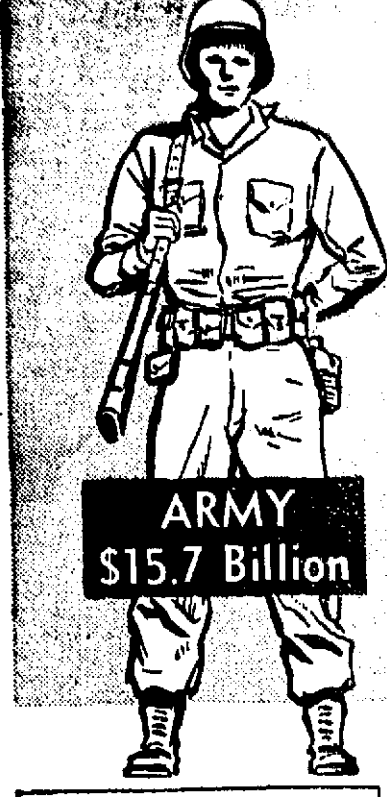

Then Sowers, after removing his left shoe and sock, and placed the muzzle of the shotgun against his abdomen, pressed the trigger with his toe and fired a fatal charge into his body.

Police said Sowers had gone to the college in an attempt to effect a reconciliation with his wife who had filed suit for divorce. The couple, parents of a 3-year-old daughter, had separated seven weeks ago.

Trader had gone to the college to meet Mrs. Sowers and saw her with Sowers in her car. As Trader approached, Mrs. Sowers stepped out of the car to warn him that Sowers had a gun. About that instant Sowers fired one blast from the shotgun.

Mrs. Sowers told police that as Trader neared the car, her husband said: "Tell that jerk to get out of here or I'll shoot him in the head."

MEA Newshunt

**ARMY**  
**\$15.7 Billion**

1,531,000 men in 18 divisions plus separate units; 295,000 National Guard and 190,000 Organized Reserves not on active duty full time.

**NAVY AND MARINES**  
**\$11.4 Billion**

790,000 men and 1161 ships; 192,000 Marines in 2 1/3 divisions; plus 195,337 Navy and Marine Reserves; super-carrier and atomic-powered subs.

**AIR FORCE**  
**\$13 Billion**

959,000 men and a build-up to 95 air groups from present 81 by late 1952; plus 16,228 Guardsmen and 20,000 Organized Reserves not on active duty.

## Floods Hit Parts in Southwest

As can be seen from the map, heavy rains over wide areas of southwestern United States have flooded lowlands, marooned families and closed highways.

In northwestern Oklahoma, four days of torrential rains sent many creeks and rivers on a rampage. At least one school bus was trapped by flash flooding. Families living near Woods and Clinton, Okla., were warned to leave their threatened homes.

Torrential rains also hit the panhandle-south plains area of Texas, ending a long drought.

The national guards and disaster units of the Red Cross were in action in western Kansas where downpour sent creeks and rivers over their banks.

Eleven children were rescued from their school bus last night near Clinton, Okla. Flood waters trapped the vehicle on a country road. Three Clinton firemen helped the children and bus driver to safety. Water was as high as the bus' radiator at the time.

Two youngsters — David Ranner and Tommie Barker — left the bus earlier in knee-high water and have not been located. They waited to a farmhouse seeking a telephone, of which they had no knowledge. Another school bus may be

stranded in flooded countryside near Arapaho. The Oklahoma highway patrol said the bus with 25 pupils had not been heard from since yesterday afternoon. Superintendent of School Dennis McEnerry said the bus may have become stuck and the children taken to a farmhouse where no telephones were available.

Automobiles were stranded at many points in western Oklahoma. The rains were beneficial to some farm areas.

Texas Agricultural Commissioner John C. White called it "a cotton rain — a pasture rejuvenating rain." He said the state's 1,000,000-acre cotton planting goal was practically assured.

In the Texas panhandle, almost a foot of rain was reported by some towns.

Telephone circuits were ground-

ed out, streets flooded, and cars stalled. A Santa Fe railroad bridge was washed out at Shattuck, Okla., near the Texas-Oklahoma border. Unusually in western Kansas was cut off yesterday by a flash flood spilling from rain-swollen creeks. There was no flooding in the town itself, however.

Sandbagging operations were being carried on along the Arkansas river at Dodge City and Arden City, Kas. Some families along the river have been evacuated.

Blood Donations

During World War II, 8 million human blood donations were carried successfully in all temperatures in traveling ice boxes, from the blood banks to the processing laboratories.

"YOU CAN HAVE HIM. I LIKE HY-POWER JUMBO TAMALES BETTER"

## Knights of Pythias Get New Chancellor

Little Rock, May 17 — (AP) — Dan H. Sloat, Jr., of Fort Smith, Ark., is the new grand chancellor of the grand lodge Knights of Pythias. Sloat, who succeeds M. L. Gibbs of El Dorado, was elected at the two day convention here yesterday.

Other officers are: J. Gordon F. McKinnon of El Dorado, grand vice chancellor; King W. Knays of North Little Rock, grand private; J. A. Prince of El Dorado, grand treasurer; Cecil Cunningham of Hot Springs, grand master-at-arms; R. C. King of Magnolia, Ark., grand inner guard; Milton A. Ward of El Dorado, grand outer guard; and W. B. Morris of Fort Smith, lodge representative.

The group selected Magnolia as the 1952 convention site.

**FESTIVE PHILATELY** — The set of special commemorative stamps has been issued in connection with the Festival of Britain. The 2/6d stamp shows Lord Nelson's flagship HMS Victory. The five-shilling stamp the white cliffs of Dover. The 10-shilling one depicts St. George slaying the dragon. The one-pound stamp bears the Royal Arms. The 2/6d design is a cornucopia, symbol of abundance, crowded with the produce, carried by Mercury, god of Commerce. Four-pence stamp has Festival of Britain symbol.

## Club Women to Battle Communism

Houston, Tex., May 17 — (AP) — The 2,000 delegates to the national convention of the Federation of Women's Clubs begin today a drive to combat world communism.

Their program is a national campaign for CARE packages to Korea.

"The whole purpose of extending women's club work to foreign nations is to create a better understanding in order to combat communism," said Mrs. John L. Whitehurst of Baltimore, Md.

"It's the Russian policy to be little America and help the people in need," said Mrs. Whitehurst, who is chairman for the Council of International Clubs of the Federation.

"Well, we are going to do what we can to answer that in our own way," she said.

Speaking of the campaign are 23 women from 11 foreign nations who are international delegates to the six-day convention that opened here today.

Coming in today is the foreign minister of Korea, Y. T. Pyun, who will tell the women what they can do to help his country.

Rep. Walter H. Judd of Minnesota, a former medical missionary in China, will talk to the convention tonight on the Far East situation.

Don J. Rafael Oremuna, ambassador from Costa Rica, will speak on the Western hemisphere and inter-American cooperation.

The superintendent of schools from Topeka, Kas., told the women last night that they must keep the spirit of competition in the schools.

"Life is not just one big continuous festival where no one excels and no one loses," Superintendent Kenneth McFarland said. "Therefore the schools which prepare for life should not operate under the delusion that one can achieve more than anyone else."

"At the adult level, this theory is constantly being proven to be untrue," he said. "Therefore we must make ourselves believe at the highest level it is democracy."

Lawson was president's night at the convention with the president of each state federation introduced to the convention.

## Brother of Ben Laney Succumbs

Camden, May 17 — (AP) — W. H. Laney, brother of former Arkansas Gov. Ben A. Laney, died here yesterday following a lengthy illness. He was 71.

Laney had been engaged in farming operations near Little Rock for a number of years. He had served as Arkansas agricultural marketing specialist, county agent of Miller county, superintendent of schools in Monroe county, Arkadelphia and Booneville and state representative from Monroe county.

Other survivors include his mother, Mrs. E. T. Laney, Sr., of Camden; two daughters, Mrs. W. T. Woodford, of Ft. Smith, NM, and Mrs. Tom Lanch of Chicago; two sons, William H. Laney, student at the University of Oklahoma, and Walter Laney of Camden; two sisters, Mrs. Gertrude Mann of Camden, and Mrs. Marie Kubala of Danville, Ky.; and two other brothers, P. A. Laney of Camden, and D. Laney of Osceola, Ark.

Funeral service will be conducted at Proctor's chapel here tomorrow at 1:30 p. m. Burial will be at Roselawn cemetery in Little Rock.

## Food Poisoning Strikes Army Base

Ft. Meade, Md., May 17 — (AP) — More than 400 soldiers who got stomach aches here and at Arlington, Va., had the authorities digging for the cause today.

The finger apparently pointed to food poisoning. But so far the army doctors haven't been able to pinpoint the reason.

By actual count, 394 cases of upset stomachs, nausea and vomiting were reported at Ft. Meade, of which 95 were hospitalized. At an air force camp at Arlington, Va., about 60 more cases were reported.

In addition, 12 of the 200 men who left Ft. Meade yesterday morning by train for Indianapolis, Ind., complained of the same sickness. One because so ill he had to be removed to a hospital at Philadelphia.

There are several obstacles in solving the problem. The breakfast menus were different at Ft. Meade and Arlington. And only a small percentage of the 3,000 who ate the morning meal were stricken. Breakfast here consisted of browned beef and potato hash, toast, milk and coffee. The meals are served cafeteria style.

All those hospitalized were expected to be released today.

The designation "red ball" for urgent freight originated with the practice of painting a red dot on cars loaded with priority cargo.

## Fair Enough

By Westbrook Pegler  
 Copyright, 1935  
 By King Features Syndicate.

Las Vegas, Nev., May 17—(Ind-  
 icated) Information before in a little  
 tract published by the Desert Inn,  
 a luxurious hotel and casino, is  
 being held, which is run in the  
 name of Wilbur Clark, who was a  
 bellhop a little more than 20 years  
 ago and, in 1920, was turned down  
 for a job at the Adams hotel in  
 Phoenix. Mr. Clark has several  
 partners including Thomas McGlo-  
 thlin, of Cleveland, whom you met in  
 these dispatches a few days ago if  
 you were doing your duty toward  
 your intelligence. Mr. Clark prob-  
 ably will overstretch and go bust  
 because even now he is talking  
 nonsense about an 18-hole golf  
 course stretching away and away  
 in the desert and spotting palatial  
 homes to sell for \$25,000 and up.  
 I can see choral gables all over  
 again. I can see boys' island, off  
 Tampa, where in the era of won-  
 derful nonsense I covered the base-  
 ball camps from an apartment in  
 a stucco office called the Palms  
 Di Frenza, which was furnished  
 with hand-cuffed tables and  
 chairs done to order in Florence.  
 I see Boca Raton and other grand-  
 ducal follies at Sarasota and La-  
 adena, Fla., and I remember that  
 the darling gentlemen who put  
 them together, scoring no extrava-  
 gance, were Wilbur Clark almost  
 to the life.

Today at lunch I saw a republi-  
 can face across the crowded room  
 and dropped into a spare chair to  
 chat with Joe Smoot, who has been  
 building horse tracks since not  
 long after the grand opening at Sa-  
 rasota. Mr. Smoot built Hialeah at  
 Miami and, later, Gulfstream, on  
 the beach, and now he is working  
 on a new one in Vegas, which  
 hasn't enough facilities for gam-  
 bling, what with her casinos as  
 close together as cards in a deck,  
 and so must have a horse yard.  
 We looked about us at the pleas-  
 antly gaudy properties of extra-  
 gance and hypertension and Mr.  
 Smoot's eyes, which have seen so  
 much, made a worldly snick as  
 I thought to say, "here we go  
 again!"

The booklet that I mentioned is  
 called "naive gambling guide,"  
 and begins thus: "You will prob-  
 ably want to try your luck in  
 our new gaming casino so we are  
 explaining the fundamentals of the  
 more popular games in simple, A.  
 B. C. language."

There is a photograph showing  
 three pretty young girls and sev-  
 eral young men at a crap-table.  
 They all seem moral. There is a  
 row of slot machines behind them.  
 There is a sweetly endearing pos-  
 session about this little book, in  
 that it presents in their truly in-  
 nocent character a number of  
 games which most of us, though  
 a thoughtless blither, have held to  
 be works of the devil.

I found myself wincing as I  
 read the lecture on craps, which  
 is much more the American game  
 than baseball.

Buy why? Because, I note to my-  
 self, this brisk, ingenious sport has  
 often been associated in our press  
 with idle and worthless parties and  
 because the law has taken a pri-  
 vate attitude toward a diversion in-  
 herently no more wicked than the  
 Rube Goldberg hoop roll, croquet,  
 the sport of Cordell Hull, or bridge.

The lesson on craps is adorned  
 with a drawing of a happy group  
 at a table and a dealer shoving at  
 a young man a stack and a half  
 about \$15. I would guess, assum-  
 ing that these are 50-cent checks,  
 although, of course, they may rep-  
 resent a nickel or \$5 each. The  
 young man is exclaiming, with a  
 frame above his head:

"BIGGEST LITTLE STORE IN TOWN"

Big favorite... NYLON MESH  
 is cool, neat and strong for  
 wear... easy to keep clean  
 ... actually the smart-  
 est thing on men's  
 feet this season.

### Famous British Marshal Dies

London, May 17 — (AP) — Filed Marshal Lord Birdwood, 85, who led the Australian and New Zealand army corps against the Turks in the World War I Battle of Gallipoli, died today.

During the ill-fated Gallipoli campaign, Lord Birdwood organized the evacuation of British troops from the Gallipoli peninsula. He himself was wounded there in May, 1915.

Later he led Australian-New Zealand forces against the Germans on the Somme river. First commissioned in 1883, Birdwood was a professional soldier all his active life. In 1925 he was made British army commander in chief in India.

### Two Hurt in Bombing in Chicago

Chicago, May 17 — (AP) — A dynamite bomb exploded last night in the home of an AFL Teamster union official injured two hurt.

The bombing at the teamster union official's home followed the bombing Tuesday night of the South Side home of an AFL Milk Driver's union official. Both unions are affiliated with the International Brotherhood of Teamsters.

Last night's first bombing was at the two-flat building at 1116 and appointed field marshal. His family — and a grant of \$50,000 — was in recognition of his war service.

The bombing at the teamster union official's home followed the bombing Tuesday night of the South Side home of an AFL Milk Driver's union official. Both unions are affiliated with the International Brotherhood of Teamsters.

Last night's first bombing was at the two-flat building at 1116 and appointed field marshal. His family — and a grant of \$50,000 — was in recognition of his war service.

The bombing at the teamster union official's home followed the bombing Tuesday night of the South Side home of an AFL Milk Driver's union official. Both unions are affiliated with the International Brotherhood of Teamsters.

North Massasolet avenue owned by E. T. Redmond, business agent of local 723 of the AFL, was damaged by a dynamite bomb. The union has 1,000 members.

Capit. George T. Barlow, head of the police labor detail, said the bombing apparently connected with other recent bombings aimed at union officials. He said he has been unable to establish a definite motive for the bombing.

Redmond told police he knew no reason for the bombing. He estimated damage at \$5,000. A passerby was injured and a woman in a living next door suffered a shock.

**Dowager Empress of Japan Dies**  
Tokyo, May 17 — (AP) — The Dowager Empress Sadako, 66, died today of a heart attack.

Her husband, Emperor Yoshihito, died Christmas day, 1926. He is known in Japanese history as Emperor Taisho.

The Dowager Empress had lived quietly in her own palace. Her four sons, all living, are Emperor Hirohito, Chichibu, Tama-matsu and Mikasa.

Athe Islamic religion has some 250,000,000 followers.

### Debate Opens on Chinese Embargo

New York, May 17 — (AP) — The Senate today opened its first public debate today on a proposed embargo against China, against the Communist China. There appears to be little chance the ban will be passed.

The debate was scheduled before a special meeting of the general assembly's 60-nation political committee, which has been standing by for any required action on the Korean war — either a peace-making conference or to impose additional sanctions on the Chinese regime.

The only organized opposition to the Chinese embargo was expected to come from the Soviet Union. Russia is the primary source of military supplies for the Chinese, and the sponsors of the arms embargo only counted on Soviet opposition to the embargo.

The Asian Arab countries were expected to have decided generally to take a neutral stand. Most of them, including India, were expected to abstain.

The political committee meeting was set for a hastily prepared report of the United Nations, where the Chinese embargo was expected to be held until the new conference building at 17 N. Washington in Manhattan is open. Aug. 1, the regular meeting, is at Lake Success, New York.

The debate will be the first assembly of the United Nations after the removal of the political committee. The committee is expected to be the first to be organized as a permanent body.

The resolution calls for an embargo on the Chinese of "arms, munitions, and implements of war, atomic energy materials, petroleum, and items useful in the production of arms, ammunition and implements of war." It leaves to each country to decide which commodities exported from its territory fall within the embargo.

### Rules Loan Act Is Legal

Little Rock, May 17 — (AP) — A 201 of 1951 regulating agencies making small loans has been declared constitutional.

Pulaski special Chancellor E. R. Pachman made the ruling yesterday in rejecting an application of a group of small loan operators for an injunction against enforcement of the act.

The decision will be appealed to the Supreme court.

The act places the loan agencies under supervision of the state banking commissioner, lays down strict regulations for their operation and provides heavy penalties for violations.

ammunitions, and implements of war, atomic energy materials, petroleum, and items useful in the production of arms, ammunition and implements of war." It leaves to each country to decide which commodities exported from its territory fall within the embargo.

**Kidney Slow-Down May Bring Restless Nights**  
When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up night or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's gave heavy relief from these discomforts—ache in the back, kidney pain and bladder flush cut waste. Get Doan's Pills today!

### WANTED TO BEE

Baltimore, May 17 — (AP) — Harry B. Jones, 75, explained to the judge he swiped a beehive "to see how the thing rode before I died."

He almost got both answers at the same time. Jones wrecked a beehive in a collision at a street intersection, but escaped unhurt. Judge S. Ralph Warnke gave three years in prison to recall experience.
